

FLEA SERVICE PREPARATION SHEET

- Remove ALL items from under beds and bottom of closet floors
- Vacuum, sweep and mop floor with hot water and disinfectant.
- Focus cleaning efforts near pet beds and resting areas. Remember to lift them up and remove covering if possible.
- Remove kids toys from yard to prevent them from getting sprayed.
- Have pets treated for fleas and ticks to ensure they do not carry them back into the home.
- Remove conducive conditions that encourage outside animals such as: possums, raccoons, stray cats, rats etc. to be drawn to your property. Keeping pet food inside is an easy place to start.

Have a VAST PRO perform these duties for me for an additional charge:

(\$249 for prep service on homes under 2000 sq ft.)
